...Now that the constable feature of
...the Walton Law has been amended,
...we can only hope that our friends of
...the Republican party will give the
...Legislature credit for trying to do
...what is right and promote honest

...decide among themselves as to which
...one shall perform that duty. Under
...the law as amended, it will be im

...vote by himself entering one booth

...hope, now, that we will hear no
...more of dishonest elections, but that
...all parties will accept the law in the
...same spirit which prompted its
...amendment not because the Demo
...crats believed the law to be corrupt
...but simply an effort of their part
...to satisfy the great mass of vot
...ers who have been taught to believe
...that the law was passed to prevent
...them from voting, but they can now
...see for themselves that the Demo
...crats are as much in favor of fair
...elections, if not more so, than those
...who have raised such a howl over
...the Walton Law.

DRS. STARKEY & PALEN'S TREATMENT BY INHALATION.

1529 ARCH ST., PHILADELPHIA.

For CONSUMPTION, ASTHMA, BRONCHITIS,
DYSPNOEA, CATARRH, HAY FEVER, HEAD
ACHE, DEBILITY, RHEUMATISM, NEURAL
GIA, AND ALL CHRONIC AND NERVOUS
DISORDERS.

The original and only genuine Compound
Oxygen Treatment, that of Drs. Starkey &
Palen, is a scientific adjustment of the ele
ments of Oxygen and Nitrogen magnetized
and the compound is so condensed and
made portable that it is sent all over the
world.

It has been in use for more than twenty
five years; thousands of patients have been
treated, and over one thousand physicians
have used it and recommend it—very signifi
cant facts.

It does not act as most drugs do, by cre
ating another ailment, and benefiting one
organ at the expense of the other, often re
quiring a second course to eradicate the
evil effects of the first, but Compound Oxy
gen is a revitalizer, renewing, strengthen
ing, invigorating the whole body.

These statements are confirmed by num
erous testimonials, published in our book
of 200 pages, fully with the express permi
ssion of the patients; their names and ad
dresses are given and you can refer to them
for further information.

The great success of our Treatment has
given rise to a host of imitators, unscrupu
lous persons; some calling their prepara
tions Compound Oxygen, often appropri
ating our testimonials and the names of
our patients, to recommend worthless con
coctions. But any substance made else
where or by others, and called Compound
Oxygen, is spurious.

"Compound Oxygen—Its Mode of Action
and Results," is the title of a new book of
pages, published by Drs. Starkey & Pa
len, which gives to all enquirers full infor
mation as to this remarkable curative agent
and a record of surprising cures in wide
range of chronic cases—many of them after
being abandoned to die by other physicians.
Will be mailed free to any address on ap
plication.
